Dear Mr. Tamer Şengönül,

This is further to your request for one of your India customer's interest for the Fleet Card Management solutions and information requested for the same.

The details of the program and Orpak's involvement in the same, we confirm as follows:

OMV-POAS's Fleet Card Management Solution, is completely an online system with option for offline vehicle authorization database at station level with updates from the Head Office System at configurable frequency.

The above program is being managed by Orpak Limited. The Orpak platform approximately 400.000 vehicles are registered, transacting more than 5 Million Dollar per day. For any further clarifications, please let us know.

Wish you best of luck for India business
